

**Announcement of Rajamangala University of Technology Srivijaya
on Sustainable Development Goals Policy**

A.D. 2022

Rajamangala University of Technology Srivijaya has a policy on the Sustainable Development Goals and strive for sustainable development in line with the United Nations Sustainable Development Goals (SDGs) through policy and operation of the university's action plan. In order to develop the organization and meet the needs of the current generation, the following policy for Sustainable Development Goals (SDGs) has been set:

1. Rajamangala University of Technology Srivijaya is strongly committed to achieve the United Nations Sustainable Development Goals (SDGs) through the policy and operation such as providing activities to reduce marine pollution and also activities to reduce plastic waste and marine litter through collaboration between students, staff and various partners.

2. Rajamangala University of Technology Srivijaya strongly disagrees with Illegal Unreported and Unregulated (IUU) fishing that has created negative environmental, economic and social impacts, as well as threatens fisheries during the spawning season. However, the university supports the sustainability of legal fisheries and is a center for marine conservation in Southeast Asia.

3. Rajamangala University of Technology Srivijaya is strongly committed to achieve the United Nations Sustainable Development Goals (SDGs) in order to ensures that the university farm's produce meets the standards under environmental conservation and legal fisheries as well as there is no illegal labor and no exploitation.

4. Rajamangala University of Technology Srivijaya is committed to establishing guidelines and standards for the control and maintenance of water quality through research approaches on watershed management systems to protect aquatic ecosystems, wildlife, health and human welfare.

Rajamangala University of Technology Srivijaya attaches great importance to the protection and preservation of natural resources by setting sustainable development agenda among cooperation with all partners.

Announced on November 1, 2022

(Prof. Dr. Suwat Tanyaros)

President of Rajamangala University of Technology Srivijaya
